

## Electronic Spider

**HAGS SPIDER**

A lot of things have happened at the playgrounds through out the years. Now it's time for yet another change. HAGS promotes their first interactive play unit.

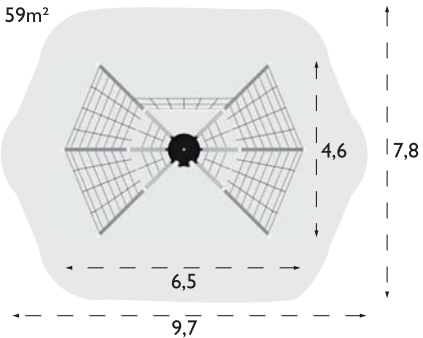

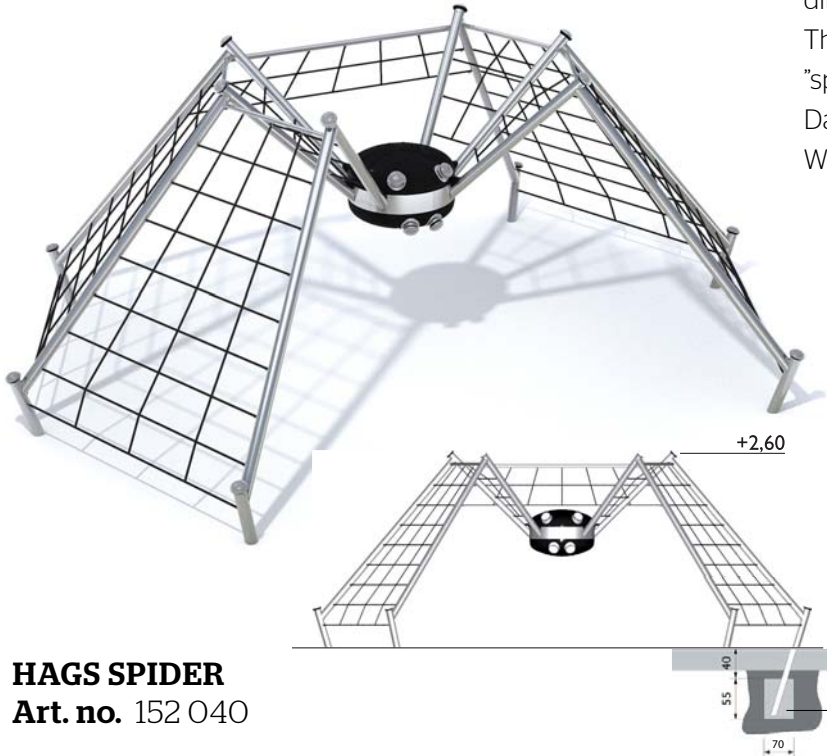

Spider is designed for children 6-15 years old and combines their fascination for technique with their will to play and be physically active.

This Climbing unit has 16 electronical satellites that comes to life with sound and light at a touch. The children can choose between three different games.

The satellites is reached by climbing the 30m<sup>2</sup> "spiders web" or running on the ground.

Date of delivery; 6 week.

Warranty: 2 years for production defects.
